A Seminar on Canine Reproduction & Puppy Care
By Mayra Savant Harris, R.N.

For many breeders, Myra Savant Harris needs no introduction. Her books and seminars on reproduction and puppy care - based on her many years of experience as a labor/delivery and neonatal intensive care nurse, as well as a breeder of Cavalier King Charles Spaniels - are well known. She shares her knowledge freely and with a great dose of humor and common sense.

She will spend a day with us on Saturday, July 14, 2012, at the clubhouse on the showgrounds of the Piedmont Kennel Club, and will go over the basic of canine reproduction as well as the new insights found in her latest book, "Advanced Canine Reproduction and Puppy Care". Copies of her books will be available at the seminar.

Cost of seminar includes lunch.
