Now, a word of advice: if you *really* want a rescue Pembroke, I'd advise you to drop me a line every month or so to let me know you are still interested. I get many applications for rescues and when I get a dog in, it is often overwhelming to try to contact everyone who has an application on file. Those folks that keep in contact with me are the ones who show me that they are serious about obtaining a rescue and are the ones I will contact when a dog does become available. I would prefer being contacted by email – *please don't call!* I get way too many calls and it would keep me on the phone all of the time.
